- (13) The student knows that a career in sports and entertainment marketing requires knowledge of demographics. The student is expected to:
- (A) explore how the use of demographics has influenced the industry; and
  - (B) differentiate between buying habits and buying preferences.
- (14) The student knows that a career in sports and entertainment marketing requires knowledge of the industry. The student is expected to:
- (A) research careers in the sports and entertainment marketing industry;
  - (B) list and describe businesses related to sports and entertainment; and
  - (C) distinguish between the different roles in sports and entertainment marketing.
- (15) The student identifies reasons a sports and entertainment business would use marketing. The

- (7) The student knows how to use self-development techniques and interpersonal skills to accomplish marketing objectives. The student is expected to:
- (A) identify and practice effective interpersonal and team-building skills involving situations with coworkers, managers, and customers;
  - (B) develop short and long-term personal goals;
  - (C) identify and use time management principles; and
  - (D) participate in leadership and career development activities.
- (8) The student applies information technology as an effective marketing tool. The student is expected to:
- (A) identify social media trends in marketing;
  - (B) identify ways that technology impacts business;
  - (C) apply web search skills;
  - (D) demonstrate word processing skills;
  - (E) use database applications; and
  - (F) execute spreadsheet applications.

- (C) determine the relationship between government and business.
- (14) The student knows that private enterprise is based on independent decisions by businesses and limited government involvement. The student is expected to:
- (A) determine characteristics of a private enterprise system;
  - (B) explain the advantages and disadvantages of private enterprise; and
  - (C) identify examples of competitive business situations such as price or nonprice competition.
- (15) The student knows that economic factors such as gross domestic product, standard of living, consumer price index, and unemployment figures help influence a company's marketing strategies. The student is expected to:
- (A) identify economic measurements used to analyze an economy;
  - (B) research how economic measures are used in a market economy;
  - (C) describe the concept of price stability as an economic measure;
  - (D) interpret the measure of consumer spending as an economic indicator;
  - (E) examine the impact of a nation's unemployment rates; and
  - (F) describe the economic impact of inflation on business.
- (16) The student knows that changes in the economy include prosperity, recession, depression, and recovery and are collectively referred to as the business cycle. The student is expected to:
- (A) explain the concept of business cycles; and
  - (B) describe the impact that phases of a business cycle have on the economy.
- (17) The student knows that distribution systems facilitate the movement of products. The student is expected to:
- (A) understand channels of distribution
  - (B) identify physical distribution activities; and
  - (C) examine costs associated with distribution.
- (18) The student knows that marketers use investment and financial services to achieve goals and objectives. The student is expected to:
- (A) illustrate types of financial services; and
  - (B) explain the purpose of a credit contract.
- (19) The student knows the concept of pricing and strategies used in determining and adjusting price. The student is expected to:
- (A) state goals of pricing;
  - (B) identify factors affecting pricing;
  - (C) explain how pricing affects product, place, and promotion decisions;
  - (D) compare and contrast pricing policies;
  - (E) calculate a product's price;
  - (F) describe the role of business ethics in pricing; and
  - (G) analyze legal considerations for pricing.

- (B) conduct technical research to gather information necessary for decision making; and
  - (C) analyze elements of a problem to develop creative and innovative solutions.
- (4) The student understands and applies proper safety and security techniques in the workplace. 5.5 (a)9.9 (c)

- (2) The Marketing Career Cluster focuses on planning, managing, and performing marketing activities to reach organizational objectives.
  - (3) In Advanced Marketing, students will gain knowledge and skills that help them become proficient in one or more of the marketing functional areas. Students will illustrate appropriate management and research skills to solve problems related to marketing. This course covers technology, communication, and customer service skills.
  - (4) Students are encouraged to participate in extended learning experiences such as career and technical student organizations and other leadership or extracurricular organizations.
  - (5) Statements that contain the word "including" reference content that must be mastered, while those containing the phrase "such as" are intended as possible illustrative examples.
- (c) Knowledge and skills.
- (1) The student demonstrates professional standards/employability skills as required by business and industry. The student is expected to:
    - (A) communicate effectively with others using speaking, listening, and writing skills;
    - (B) demonstrate collaboration skills through teamwork;
    - (C) demonstrate professionalism by conducting oneself in a manner appropriate for the profession and workplace;
    - (D) demonstrate a positive, productive work ethic by performing assigned tasks as directed;
    - (E) demonstrate integrity by choosing the ethical course of action and complying with all applicable rules, laws, and regulations;
    - (F) demonstrate time management skills such as prioritizing tasks, following schedules, and tending to goal-relevant activities in ways that use time wisely and optimize efficiency and results; and
    - (G) demonstrate leadership skills by participating in activities such as career and technical student organizations.
  - (2) The student develops a project on a topic related to the field of marketing and depth in research to present findings. The student is expected to:
    - (A) identify a topic to investigate or research;
