Title of Assessment	Circle Progress Monitoring System
Publisher	Children's Learning Institute at The University of Texas Health Science Center Houston
Language(s)	English and Spanish
Grade/Age Levels	3 years to 4 years 11 months
Physical Format	Web based or paper and pencil; Observation
Administration Format	One on one; Observation
Training Required	Yes, minimum 4 hours
Scoring Method	Computer automated (automatically scored); Web based entry after administration
Available Scores	Raw, Composite, Performance category (On track, Monitor, Needs support)
Score Report(s)	Individual, Whole Class, Whole School, District, Small Group, Parent
Time per Student	70 minutes (48 minutes directly with student; 22 minutes to complete observables)
Price Per Student	\$0

Domains and Skills	
Health and Wellness	
Gross and Fine Motor Development	Very Strong
Personal Health and Safety	Very Strong
Self Regulation	Very Strong
Self Concept	Moderate
Relationships with Others	Very Strong
Social Awareness	Very Strong
Emergent Literacy: Language and Communication	
Listening Comprehension	Very Strong
Vocabulary	Moderate
Speaking (Conversation)	Moderate
Articulation	Very Strong
Sentence and Structure	Strong
Emergent Literacy Reading	
Phonological Awareness	Strong
Alphabet Knowledge	Moderate
Comprehension of Text	Strong
Concepts of Print	Strong
Motivation to Read	Very Strong
Emergent Literacy Writing	
Conventions in Writing	Strong
Motivation to Write	Moderate
Writing as a Process	Not at all
Mathematics	
Number Sense	Strong
Classification and Patterns	Minimal
Joining and Separating	Very Strong
Geometry and Spatial Sense	Moderate
Measurement	Minimal

The chart (left) shows the instrument's content alignment to the full 2022 Texas PK Outcomes. The skills in bold are scored for inclusion in the Commissioner's list.

Reliability and Validity Strengths:

When reported, internal consistency reliability and construct validity are strong. Test retest reliability is minimal to moderate and predictive validity is moderate. Content alignment to targeted (bolded) 2022 Texas PK Outcomes skills is strong.

Reliability and Validity Limitations:

Lower overall reliability and validity scores are due in part to inconsistent provision of evidence. Interrater reliability evidence and limited evidence of predictive validity was provided.

Feasibility Strengths:

Training requirements are minimal. Assessment time is less than 10 minutes.

3 = Strong; 2 = Moderate; 1 = Minimal; 0 = No evidence

Psychometrics	Score	Feasibility	Score
Reliability	1.1	Teacher Friendly	2.0
Validity	1.2	Student Friendly	2.0
Generalizability	2.6	Administrator Friendly	2.0
Growth	3.0		

Title of Assessment	CPALLS+STEM
Publisher	CIRCLE Progress Monitoring administered by Tango
Language(s)	English and Spanish
Grade/Age Levels	3 years r 4 years r 5 months
Physical Format	Web based administration platform; Paper/pencil with web based entry platform
Administration Format	One on r One; Observation
Training Required	Yes, minimum 2 r 4 hours
Scoring Method	Computer automated (automatically scored); Web based entry after administration
Available Scores	Raw, Performance category (Making acceptable progress, Needs more assistance)
Score Report(s)	Individual, Whole Class, Whole School, District, Parent
Time per Student	30 minutes (not including time to completed observations or observable)
Price Per Student	\$9.50 (+ \$400 campus fee)
