3. When is the registration window and when will EOY assessments be available?

9. How are EOY assessments different than BOY or interim assessments?

EOY assessments, BOY assessments, and interim assessments are all optional assessments provided by TEA

14. What accommodations will be available for the EOY assessments?

Whether the students are testing online or on paper, districts should determine which accommodations their students routinely and effectively use during classroom instruction and classroom testing. Refer to the <u>Spring 2020 Accommodation Policy Documents</u> that are available for STAAR. Note that it is not necessary to convene a decision-making meeting (e.g., an ARD or LPAC) to determine accommodations for the EOY assessments. For online testing, text-to-speech is available in both English and Spanish. This designated ent registration. Braille and content and language supports will not be available for the EOY assessments.

15. How do students log into an online EOY assessment?

) o gin credentials, and the test passcodes for each EOY assessment the district is assigning to the student. Each student registered will be assigned a unique login username and password based on his or her student identification number. The student will use his or her username and password to log into Schoolnet for all EOY assessments. Once logged in, the student will enter the passcode for the test he or she is taking.

16. Will districts be able to monitor testing participation and completion?

Yes. Districts may, but are not required to, monitor the status of students testing through the Schoolnet

REPORTING

20. How quickly can a parent or student see the

A student who takes an EOY assessment online will be able to see his or her raw score immediately after submitting the test. Students may log into Schoolnet at any time to review their test results for all EOY assessments taken. Results will show how a student performed overall on the test, how he or she did on each test question, the student expectation the question is aligned to, the correct answer to each question, and the answer the student selected. Note that student results for the EOY assessments will <u>not</u> be available
